

Great New Benefit For UA System Employees and Dependents

Have Your Baby at UAMS

...AND SAVE UP TO \$1,000

Beginning January 1, if you are covered under the U of A medical plan and deliver your baby at UAMS, the first \$1,000 of your financial liability for obstetrical services will be waived. This will include the hospital inpatient co-payment, the hospital services co-insurance amounts and any unmet portion of the annual deductible. This waiver will occur after QualChoice processes the claim and defines the amount to be paid by you.
