1. Click on Snapshot

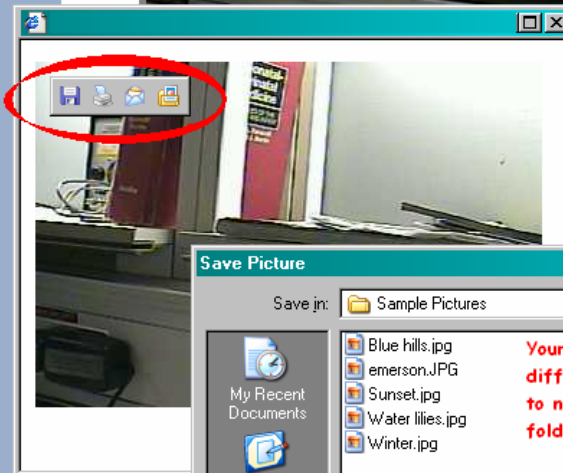

Client Settings

2. Your snapshot will have a mini-tool bar to pop up:

- Save
- Print
- Email
- Open "My Pictures Folder"

If the mini-tool bar doesn't appear or it disappears, click in the center of your snapshot image to bring the mini-tool bar back.

Done

Save Picture

Save in: Sample Pictures

- Blue hills.jpg
- emerson.JPG
- Sunset.jpg
- Water lilies.jpg
- Winter.jpg

Your computer may show something slightly different. Use the  button to navigate and select your preferred folder to keep your baby pictures.

3. This window appears when you click the Save button.

Click save after you have named your baby's snapshot.

File name: Name your snapshot here...

Save as type: JPEG (*.jpg)
