

A close-up photograph of a young child's face, likely a toddler, with dark skin and large, expressive eyes. The child is wearing a white medical mask over their mouth and nose, secured with white tape. A clear plastic tube is visible near the bottom of the mask. The child's expression is calm and looking slightly upwards. The background is softly blurred, suggesting a clinical or hospital setting.

care love hope

The
Diamond
Conference

May 11, 2012

Holiday Inn Airport
Little Rock, AR

Jointly Sponsored by Arkansas Children's
Hospital Respiratory Care Services, the
