Little Rock, AR 72205-7199

Arkansas Winter Symposium on Donation and Transplantation

“Life Saving Partnerships in Donation and Transplantation”

Jointly Sponsored By:

UAMS College of Medicine

Arkansas Regional Organ Recovery Agency

February 29, 2012

8:30 am—4:15 pm

Hilton Hotel

Little Rock, Arkansas

Target Audience

This program provides continuing education for physicians, nurses and medical professionals caring for critically ill patients.

Purpose

This program will address current topics such as;

- The physician and medical staff's role during the donation after cardiac death process, ethical issues related to DCD.
- Critical roles in donor management and strategies to improve organ recovery.
- Current practices and research in determination of brain death.
- Family dynamics from consent to after care.

Objectives

At the completion of this activity, participants should be able to:

Identify which critically ill patients are potential candidates for DCD.

Identify the key roles of Critical Care physicians, ICU and the medical staff in donor management.

Discuss the strategies for using catastrophic brain injury guidelines and donor management goals

Discuss evidence based practices in brain death determination.

Explain the hot and cold states of families in crises and how organ donation can help the family through the grieving process

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of The University of Arkansas for Medical Sciences (UAMS) College of Medicine, Baptist Health Medical Center Little Rock, Arkansas Hospital Association and Arkansas Regional Organ Recovery Agency. The UAMS College of Medicine is accredited by the ACCME to provide continuing education for physicians.

AMA DESIGNATION STATEMENT

The UAMS College of Medicine designates this live activity for a maximum of 6 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Policy

It is the policy of the University of Arkansas for Medical Sciences (UAMS) College of Medicine to ensure balance, independence, objectivity and scientific rigor in all sponsored or jointly sponsored educational activities. All individuals who are in a position to control the content of the educational activity (course/activity directors, planning committee members, staff, teachers, or authors of CME) must disclose all relevant financial relationships they have with any commercial interests as well as the nature of the relationship. Financial relationships of the individual's spouse or partner must also be disclosed, if the nature of the relationship could influence the objectivity of the individual in a position to control the content of the CME. The ACCME describes the relevant financial relationships as those in any amount occurring with the past 12 months that create a conflict of interest. Individuals who refuse to disclose will be disqualified from participation in the development, management, presentation, or evaluation of the CME activity.
