

Resources for Cessation Certification & Training (www.ctcinfo.org)

Center for Tobacco Research and Intervention

<http://www.cme.uwisc.org>

Based at the University of Wisconsin School of Medicine, offers five web based modules for continuing medical education to help clinicians implement the clinical practice guidelines for treating tobacco use and dependence.

Mayo School of Continuing Education – Nicotine Dependence Seminar

<http://www.mayoclinic.org/ndc-rst/conference.html>

Seminar hosted by the Mayo Clinic offers an in-person training seminar for patient care for nicotine dependence and education in all areas of tobacco intervention.

Online Continuing Education

<http://www.MedEdCME.com>

Internet-based educational program offers ongoing continuing medical education including a course for health care professionals on tobacco cessation treatment.

The Arizona Certification Program: Tobacco Cessation Intervention Skills

<http://www.tepp.org/actev/index.html>

This program provides the best evidence-based information that is simple, practical and easy to understand. A face-to face training component complements the on-line portion of the program. The Tobacco Cessation Online Learning Center can be accessed at <http://128.196.174.134/>

The Association for Addiction Professionals

<http://www.smokerstreatmentcenter.com>

Offers a credentialing program for a tobacco addiction specialist designation through a partnership with the University of Florida and Patient Support International.

The University of Medicine and Dentistry of N.J.: Tobacco Dependence Treatment Specialist Training

<http://www.tobaccoprogram.org>

The School of Public Health Tobacco Dependence Program offers an intensive five-day training for health professionals who want to provide effective tobacco dependence treatment for their patients. Participants will learn how to assess nicotine dependence, conduct treatment planning, and deliver face-to-face treatment, including counseling and the use of medications.

Tobacco Outreach Education Program Course: Nicotine Dependence Across the Lifespan

<http://www2.mdanderson.org/app/tobacco>

Provides on-line, continuing medical education credits in ethics/professional responsibility to Texas physicians at no cost. Designed by experts from M. D. Anderson Cancer Center and outside institutions.

University of Massachusetts Medical School

<http://www.umassmed.edu/behavmed/tobacco>

Offers a program for those interested in earning the designation of "certified tobacco treatment specialist" through an intensive competency-based training program.
