

The Clinical Programs Image Council is pleased to name Devin Hampton, Patient Services Associate, Short Stay Unit, as the Most Valuable Player for the month of February! Devin has worked at UAMS for over 2.5 years.

What I like most about UAMS: "The service we provide for our community and the educational opportunities available for our employees."

My fantasy job would be : "RNP - Registered Nurse Practitioner."

One person I would love to meet: "Michelle Obama."

My favorite meal: "Shrimp Alfredo."

If I could travel anywhere in the world, I would visit: "Africa."

One thing that really bugs me: "Lazy People."

We're proud of you, Devin! Thanks for all your hard work and for being a great team member here at UAMS by providing comfort, hope, and healing for our patients and families each and every day.
