WELCOME TO LITTLE ROCK
AND TO THE
UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

As you probably know, the first few days in a foreign country are always the most stressful. There is so much to do, so much to learn, so much to see -- all without the underlying knowledge needed of how to accomplish it.

This publication is meant to give you information that will make your settling-in days easier. Although we recognize some of the information may be redundant, we hope a few of the topics will be helpful, and that your stay with us will meet, and even surpass your expectations, both professionally and personally.

YOUR RIGHTS AND YOUR SAFETY

CIVIL RIGHTS

The United States is governed by the rule of the law. This means that Americans are governed by laws, not individuals. The law is supreme, and it is obeyed by everyone, including the President.

The Constitution of the United States is the highest law in the land. It guarantees that all persons, including foreign nationals, are treated with "due process" under the law. Under the Constitution, you are guaranteed equal rights, just like Americans.

The Constitution protects you against improper investigation, arrest, or conviction. If you are arrested, you do not have to talk to an officer until your lawyer is present. You have the right to make a telephone call. If possible, try to take an American with you who understands the law and the procedures of the court.

SAFETY

Your safety on and off campus depends on you. You must do your part to protect yourself against crime. You must be responsible with your purse, book bag, and other items. NEVER leave your personal belongings unattended.

Use common sense to protect yourself. If you are walking at night, always walk with someone else and stay close to lights. Stay away from isolated areas and avoid shortcuts through alleys and parking lots. Don't carry a purse or book bag hanging from your shoulder, so that it can be grabbed and pulled off your shoulder. Don't carry excessive amounts of money, and don't count your money in front of other people. Put your wallet in your front pocket or in buttoned back pocket.

Keep the doors and windows of your home locked at all times, especially if you are alone at night. If someone comes to your door, look out of a window or "peep hole" BEFORE opening the door. Don't open the door if you don't recognize the person. Keep the doors of your car locked while you are driving. It is very dangerous to hitchhike or give a stranger a ride in your car. Park your car in lighted areas and check the back seat of your car before you get in, especially at night.

If you have trouble while you are on campus, call the UAMS police at 686-7777 or pick up the phone under one of the blue flashing lights that are located in many areas around campus. Any one of these phones will connect you directly to the UAMS police.

If you have trouble while away from campus, telephone 911. The 911 operator will contact the police, fire department, or ambulance services for you.

TAXES

Anyone receiving wages, a salary or tips in the United States from an U.S. source, is subject to paying federal, state, local, and social security taxes on these earnings. In order to receive these earnings, one must first obtain a Social Security number (SSN). A Social Security number is an individual means of identification designed to record your earnings to the federal government for tax purposes. Individuals on F-1 or J-1 visa status **may be** exempt from all or a portion of their federal withholding if the U.S. has a current tax treaty with his or her home country. **However, exemption is based on several factors including, but not limited to previous visa history and purpose of visa classification. Exemption is determined on a case by case basis.**

TELEPHONE

TELEPHONE SYSTEM

In the United States, every number has an area code (such as 501), a local exchange (such as 686), and a number (such as 8000). If you call within the Little Rock area, you will need to use the local exchange and the number (such as 686-8000). If you call outside Little Rock, you need to use 1, the area code, the local exchange and the number (for example 1-501-686-8000).

If you do not know a telephone number either in Little Rock or outside Little Rock, you may consult Directory Assistance by calling 1411. You may also use this information number when trying to find a number in another state.

To make international calls, dial: 1-country code, city code, and local exchange; or dial 0 and ask for an international operator.

SOME WORDS OF CAUTION

Telephone numbers that begin with the area code numbers 700 or 900 will cost you anywhere from \$3.95 per minute to \$30 per minute. Some 800 numbers also have charges. The Telephone Company will, at your request, put a block on your telephone to prevent anyone from making 700 and 900 calls.

TRANSPORTATION

BUS

This is the cheapest way to travel around town, but some parts of Little Rock have no bus service. A single bus ride normally costs \$1.25. Monthly bus passes are available for unlimited rides. You can purchase these passes from the UAMS Treasurer's Office for \$28.00. For bus schedules and the most current fee information, call Central Arkansas Transit at 375-1163.

TAXI

Traveling by taxi is expensive. There is generally a 15-30 minute wait after you call the taxi, unless you have reserved 24 hours ahead of time. Consult the "Yellow Pages" of the telephone directory for taxi companies.

Unlike other countries, you cannot bargain for a taxi. You must pay an initial fare and an additional set amount per mile. The driver will tell you the charge after you arrive at your destination. It is customary to add a 10% tip to the charge.

CAR

This is the most convenient, and also the most expensive way to travel. Be sure to consider expenses prior to purchasing a car (sales tax, license plate, personal property tax, liability insurance, parking fees, and maintenance). You **MUST** be familiar with the rules and regulations of operating a vehicle.

You must have an Arkansas Driver's License to operate an automobile. You will be required to pass a written examination, a vision test, and a driving test. A booklet to help you study for the written examination can be obtained from:

Arkansas State Police Office
1 State Police Plaza Dr.
Little Rock, AR 72209
Telephone: 618-8251

There is a thirty-day waiting period from the time you pass the written test until you take the road test.

TO OBTAIN PERMISSION TO PARK YOUR CAR ON CAMPUS, contact Public Safety at 686-6376. Deck parking is available by payroll deduction.

IF YOU HAVE AN ACCIDENT:

- ◆ If the vehicle can be driven, move it to a safe location and then contact the police by calling 911 and exchange the necessary information with other drivers involved.

- ◆ Give your name, address, vehicle license plate number, driver's license number, and insurance company name to anyone else who was involved in the accident. Get the same information from others involved in the accident. You may want to obtain additional information including phone number, vehicle identification number and vehicle description. You may also want to get the names, addresses, and phone numbers of any witnesses.
