

March S.T.A.R.

Striving Together, Achieving Results

Terri Fluckey

It is with sincere pleasure that the Access Employee Recognition Committee presents the March S.T.A.R. award to Terri Fluckey of the Medicine clinic. As a registration appointment specialist in the Medicine clinic, her co-workers say she is thorough, helpful and pleasant.

One coworker tells us "her concern for the well-being of [their] patients is apparent. And most of all she's a nice person." Another coworker- who has known her since she started at the clinic three ago- agrees enthusiastically!

Please join us in congratulating Terri for her well-deserved recognition as March's S.T.A.R. winner.
